

Applications of Stable Isotopic and Elemental Analysis for the Biological Sciences

University of Arkansas
Stable Isotope Laboratory

Erik Pollock, the manager of the Stable Isotope Lab and the Trace Element and Radiogenic Isotope Lab will present a lecture on the applications of inorganic mass spectrometry to biological systems. The lecture will focus on current research using the facilities highlighting biogeochemical and biological research areas.

Thurs Jan 17th, 2019 SCEN 604 @ 3:30 pm

Pre-seminar snacks 3:00 pm, SCEN 502
